PUBLIC LANDS TO BE OPENED.

Six Families From Dakota to Settle
in Kona. Surveys to be Made.

Land Commissioner E. S. Boyd left November 11th for Hawaii where he will look into several important land matters. Among the most interesting is making surveys for the expected settlers from Dakota. A surveyor from Dakota, J. Geddings, is expected by the next steamer from San Francisco and he will go to Kona and meet the Land Commissioner for the coming settlers.

Of those who took up the proposition of migrating from Dakota to Hawaii, six families have decided to make the trip. They will take up homesteads of about 500 acres and will go into the dairy business. The others, numbering thirty or forty families, may come later. "I have heard," said Commissioner Boyd, "that they are waiting to hear the results of our election. There are plenty of families who would like to come and more may follow the six families later."

Boyd will also go to Kau, where he will look into the matter of the forest boundary of Kahuku, and will prepare for the opening of three or four thousand acres of public lands. The lands to be opened are mostly pastoral, with some mixed agricultural and pastoral lands. They are fine lands of their kind, and there is much demand for them.—Star.

Diplomats Oversight.

Washington, November 6.—By a queer oversight, an extradition treaty between the United States and Guatemala, made twelve years ago, has remained unproclaimed and so inoperative up to the present time. Arrangements for its mutual proclamation at an early day have been made.

Emperor's Hunting Record.

Berlin, Nov. 1.—The Royal Gamekeepers' Bureau has kept a record of Emperor William's hunting. During thirty years he has killed 47,443 pieces of game, including 2,988 deer, elk or chamois; 2,823 wild boars, 19,508 hares or rabbits and 18,891 pheasants.

SHOULD HAVE CHINESE.

Senator Thurston Believes Congress Should Aid the Islands.

Washington, Oct. 28.—Former Senator Thurston, who has returned from an extended visit to the Hawaiian Islands, says prosperous conditions can never become general in those islands until the Chinese exclusive act is amended so as to permit the entrance of Chinese. "There is scarcity of labor which has caused general financial depression in the islands," said Mr. Thurston. "The labor the Hawaiians could get is excluded from the islands by our immigration laws. Chinese furnish the only labor that can be depended upon. They are a success in the sugar cane field, but they are now excluded from Hawaii and the result is that sugar plantations are not half cultivated."

Mr. Thurston thinks that if the sugar industry is to develop in the islands Congress will have to pass a law removing restriction against the Chinese so far as plantation labor is concerned, but at the same time prohibiting them from doing any other work which might come into competition with native workmen.

FOOD IN PHILIPPINES.

Governor Taft Suggests Sending of Supplies From San Francisco.

Washington, Nov. 6.—On October 29th a cable message was received at the War Department from Governor Taft saying the food situation in the Philippines was serious and would be so for a few months on account of the loss of crops, and that relief was necessary. The Governor suggested the possibility of sending a shipload of supplies from San Francisco or Portland, to be purchased by the Insular Government. He asked for prices of flour and they were sent him at once. He has made no further request and as the press dispatches announce that he has made large purchases of rice, it is assumed at the War Department that he has found it advantageous not to make the purchases in this country.
